

PRIMARY RESULTS STILL A MYSTERY

Forty-Six Precincts Have Never Made Returns to State Committee.

FULL CHESTERFIELD VOTE

Secretary Brenaman Expects to Tabulate Missing Counties on Tuesday.

The discovery of the missing precinct in Chesterfield County yesterday morning by Secretary J. N. Brenaman, who is counting the official returns of the August primary, leaves the vote in only twenty-three counties and Fredericksburg city to be heard from. The counters met yesterday morning, or at least some of them met. Mr. Brenaman decided that as the representatives of several candidates failed to appear, the counting of the vote in the twenty-three remaining counties should be postponed until the full committee could be on hand. Only Davis Bottom, W. A. Crenshaw and J. R. Sheppard, Jr., met Mr. Brenaman in the courtroom of the State Corporation Commission.

In reply to his communication of Friday, Secretary Brenaman received word yesterday from the county chairman of Chesterfield to the effect that the Pullman's Store Precinct, for which the canvassers could find no returns, has been consolidated with the Straube Precinct. Accordingly Secretary Brenaman reported that all the returns from Chesterfield County were in hand. The Chesterfield returns were not tabulated yesterday, for the same reason that the incomplete returns in two or three other counties were not touched.

To Finish on Tuesday.
Mr. Brenaman expects to complete the task of tabulating the returns the first of this week. As tomorrow is a legal holiday, no session of the canvassers will be called, but it is probable that Mr. Brenaman will summon a meeting of his assistants for Tuesday morning.

While the delay is annoying to all concerned, it will serve to allow time for the secretary's letters to reach the county chairmen, and the missing returns to be sent in. As soon as every precinct has been accounted for, Secretary Brenaman will communicate with Acting State Chairman Echols, and the meeting of the State Democratic Committee to announce the primary results will be called.

There are now forty-six precincts scattered through twenty-three counties and the city of Fredericksburg, to be heard from before the final results of the primary can be announced. The missing precincts are located as follows:

GAYNOR IS STILL WORRIED BY WOUND

New York, August 30.—The bullet wound which Mayor Gaynor received three years ago this month, when an attempt was made upon his life, still causes him serious trouble, which has detained him at his Long Island home for the last two days. In response to a friend's inquiry as to his health, the Mayor described his trouble as a "fishhook" in his throat. In one of his characteristic letters, he said: "My right lung, pleurogastric nerve and stomach have been taken into their heads, they have combined and violent effort, they could succeed in casting this 'fishhook' out of my throat which that bullet lodged there. But, as in their former occasional attempts, they succeeded in casting everything out except the 'fishhook,' and have completely done themselves and me up in the bargain."

"These members of my body, which try to do this thing now and then, are just as foolish as people you and I know, who want something done all at once, which can only be done gradually and little by little. But they won't have it that way. And so to work they go, might and main, to do it all at once by violence, with the result that, instead of doing it, they do much harm and mischief and exhaust themselves."
